

## S. C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT

## **GENERAL PERMIT 16-EGP-HM3**

**Effective Date:** October 8, 2016

Expiration Date:

October 8, 2021

**Activity:** 

This General Permit only applies to the reconstruction and repair of <u>previously permitted or</u>

grandfathered commercial docks and marinas.

Location:

Within the critical areas of those counties affected by Hurricane Matthew.

**Description:** 

The reconstruction and repair of <u>previously permitted or grandfathered</u> commercial docks and marinas is allowed by this general permit provided the following conditions are adhered to:

- 1) Individuals/entities seeking authorization under this Emergency General Permit (EGP) must submit an EGP application to DHEC OCRM. Individual coverage under this EGP will be valid for one year from the date of issuance.
- 2) A structure may only be restored to its <u>previously permitted or grandfathered</u> size and configuration. No additions or enlargements are allowed. Grandfathered structures are those in existence prior to September 29, 1977.
- 3) An as-built survey of the structure(s) must be submitted to the Department within 90 days from completion of construction. The survey must be conducted by a registered land surveyor, must show all components of the structure(s), and must list the starting and ending coordinates of the structure(s) in the SC State Plane Coordinate System, which can be obtained by survey-grade Global Positioning System equipment.
- 4) The work must comply with all local zoning and building codes and all necessary permits must be obtained from any other local, state, or federal governmental entities that may have jurisdiction over the area.
- 5) All commercial docks and marinas must submit an updated operation and maintenance (O&M) manual pursuant to OCRM guidelines within 90 days of issuance of coverage under this EGP.

6) This authorization does not authorize reconstruction of not previously permitted or non-grandfathered structures.
